Greetings.

I'm planning on buying an **SUV**, but don't have any info on which is the best **SUV** so far.

This is what I'm looking for in an **SUV**:

1. Big, but not too big, nor too little body and chassis.
2. Good MPG's
3. Quick responding Over Drive (not like my mom's '95 Montero that takes a year to respond) :-)
4. 4x4 or 4x2
5. That is very strong in relation to body and chassis. (that it won't dent with the push of a finger like with most cars nowadays)
6. 4 doors.
7. Lots of legroom and head room.
8. Good standard safety features.
9. No alarm or optional.

I've been thinking about the keyless entry feature and have found some good and some bad things about it.

The good so far:

1. You don't have to search for the right key to enter.

The bad so far:

1. Someone could build a universal remote to open your car and make it more easily to steal it or hide in the back and assault you.

Well, that is it so far. Any suggestions will be appreciated.

Thank You.
